Sept 21 1937

Dear Eula,

I am here for this one day, and fortunately at this particular time when I can send the document the Doctor wants. I leave tonight, after a very busy day clearing my desk & attending to Church business. This is a mere note to send our love to you & the dear children. I do hope you are settled in the house & that the compensation will be granted which our friends believe, as we do, should be accorded by the U. S. - I am thinking of you very, very often -

Affectionately Your Father
Theodore D Bratton

JACKSON, MISSISSIPPI

Feb 2 1942

My Beloved Isabel

Your lovely letter came before I could write this regular letter & send the enclosure to your dear Mother. I am concerned for her & want you to let me know about the operation. I had no intimation of this - & when she made her self I want to try to be ready for it. Tell her with my love not to put it off but let the Dr determine when she should go to the hospital. Who is the Dr.? I venture to hope that he is Dr Gerry. I am writing for your Mother as well as you. I want you (whether he is Dr Gerry or another Doctor) to have him send the bill to me. As my old nurse used to say "if I love I want to see you through this trouble" -

I enjoyed your letter as Marion did. Isabel was here with her husband on Saturday. I will likely be back again this week & will have her read your letter - she is her own cook & maid, so I suppose she thinks she is very busy. They have quite a lovely & convenient little apartment.

It is so fine to know that Beverly & you are so well placed & enjoying both your work & your reading time. I hope Randolph is not too disappointed to be ineligible for the Army.

Much love to each of your dear ones.

Affectionately
Theodore D Bratton

Jackson Miss Mch 15 1944

I have been thinking of you & the family many times during the past week & wondering if there would be a message to write this morning. Many happy returns of the day. Thats why this is being sent to you - Don't forget to send Randolph's address.

I don't think I have told you how much I got out of the visit last Lenten morning. Your grandfather & I were very glad indeed to have the privilege of having a long chat the night before he died. It was a great comfort to us to know that he was in his mind & able to talk to us. The nurse & I had a surprise. I have not yet heard from Bratton. I was a Corporal for about two weeks & then was made a Technician 4th grade. Transport service in Mediterranean. Service as Italian interpreter. Now in St. Battery in California - Camping in N.C. & Tennessee & Louisiana on Maneuvers. Bob by Conner finished training as Bombardier & was at Houston Tex. Marion who visited Mary's family last week end is in Battery Charles Ga. We are so all here - Marion very busy with Red Cross, U.S.O. & church. I hope your dear Mother is quite well. Beautiful afternoon & I send love for each one of the dear ones.

Affy
T. D. Bratton
