

The Rebuilding Year

Starting From Scratch

“**T**his is the start of a new era for the Lady Griffins. This team is unique in that only two players off last years team are back, and they are sophomores. This team is very young, and we expected up and down play. The scoreboard will reflect just what we thought and just how we showed it. The bright spots about this team are that the girls work hard, attitude was good, and eight girls will return for next year’s season. This year has been learning experience for me as a coach. I hope the team has learned what it takes to compete and be successful on this level. We are looking for success in the 95-96 school year. Go Lady Griffins!”

Coach Jerry Jackson

“From a player’s perspective, I have learned how to communicate better with my teammates, and this contributes to build-

ing a better person. The season has been a heartbreaking one when you think of all the games that have slipped through our hands by mere points. A steal here or there from “downtown” add excitement to any game, but the effort on offense and fire in the eyes of the players on defense is victorious everytime no matter what the scoreboard reflects at the buzzer that signals the end of the fourth quarter. The defensive plays were proven unconquerable on numerous occasions. This aggressive, hustle for it (because it’s our ball) attitude help cut down deficits and the games that were won. Hats off to the Lady Griffins!”
