

# Griffin Spirit

The Varsity Football Cheerleaders had an exciting season. It started off with summer camp sponsored by the Carolina Cheerleaders Association at Coastal Carolina. The girls spent four days learning new dances, cheers, and chants to help boost the spirit at our school. The football cheerleaders also showed a lot of spirit by decorating the player's lockers, the school, and the field with signs. With the support of the FCHS Athletic Booster Club, they also gave the players candy and balloons on game days. The winning season made for an exciting season!

The Varsity Basketball Cheerleaders had a tough season this

past year! They had double the work, since they cheered at both the girls and boys varsity teams. They all worked extremely hard in learning and perfecting stunts, as well as making up new cheers. The girls also worked out in the weight room before regular practice to tone and build up the muscles necessary for stunt work. They painted signs for all of the games and made teacher tags to advertise the home games. They also showed their support to the Varsity teams by giving them candy and balloons for the home games. They worked very hard to improve the team and to cheer the basketball teams on to victory!

"Get Up For The Griffins!"

The football cheerleaders dance to the beat of the band's music. They are doing a planned routine for the band's tune.

Raven Pettway and Magen Blackwelder work on a spirit banner for the upcoming rivals during the football season.
