

# The Class of 2000

*The Class of 2000 demonstrates the proper use of school spirit. The senior class often shows the underclassmen what Griffin Spirit is all about. Here, the class, dressed in the class colors, attempts to win back the Spirit Stick from the sophomore class.*

*Senior Belinda Wylie takes some personal time after school to study for an upcoming exam. The Yearbook Room, pictured here, has long been a popular place for students to gain some extra study time.*
