Above: Senora McCool organizes the Spanish Club during one of their many service projects throughout the year.

The Spanish Club is one of many great clubs on the campus of Fairfield Central High School. The club members gather for many different reasons. One of the main goals of the club is to promote awareness of foreign cultures, especially spanish-speaking cultures. The club participates in a artwork contest during Foreign Language Week. This is a terrific way for the the club to promote foreign cultures.

The club also is very involved in service around the community, a theme common among clubs at Fairfield Central. Under advisor Senora McCool, the club sponsored a "Pie-in-the-Face" Contest. Mr. Smith's jar collected the most money, therefore he received a whipped cream pic in his face. With the money, the club sponsored children through the FCHS Social Studies Club "Angel Tree".
