

### WE, THE EDITORS . . .

would like to give our thanks and appreciation to our yearbook staff. We have around 40 members on our staff, and each and everyone of them has given us the best of their ability to establish our yearbook. The typists have sore fingers from mashing keys every day to get this yearbook established. We have really worn ourselves out. We have missed classes, made phone calls, interviewed several people, etc. The photographers have taken so many pictures they still see spots before their eyes. The Layout editors have lain out so much they are practically sunburned. The copy

editors have copied everything from "Mary Had A Little Lamb" to "The Declaration of Independence". The students in charge of sales have gone from homeroom to homeroom so often that their legs look like toothpicks. Out Sponsors have had to put up with headaches from their regular students, plus having to put up with the staff members. We suggest that we all get together to buy a large bottle of Bayer aspirin.

Thank you for your cooperation.
