FOREWORD

High School is one of the many highways on life's journey. It is a long stretch of pavement and like many highways, its obstacles are many with hazardous curves, hills, and valleys which must be approached and surpassed at various speeds. Only by long and hard endeavor with God's guiding hand, can one reach the point of destination.

The highway roads which we have chosen are only contributory to life's highway but on this ancillary phase we find a modified example of life itself, and with courage we can proceed into the realm of the unknown.

We, who are departing from this ancillary part of life, will always cherish the experiences that have made an indelible mark on our memory and hope that we will be able to improve the road for ourselves and our posterity.
