

The New Building

"let's clear out some trees"

First you pour it . . .

then you smooth it . . .

The chapel and four new classrooms which were started in October represent an important advance for the school. For the first time in years all the students will be able to worship together -- and the new St. Paul's Chapel is a worthy addition to our school. The modern classrooms are the envy of all and the joy of those lucky enough to be in there.

then you put up the steel posts

But what a year the construction work has provided -- a lot of very interesting sight-seeing for the children and lots of headaches and worries for the teachers and for the Headmaster. But on the whole it has been more fun than trouble, hasn't it?

and fix them in place

and soon a building begins

to take shape.
