

Foreword

In an endeavor to make this the best "Cardinal" ever published at J. H. S., we've taken picture after picture, written and rewritten article after article, and what have we accomplished--a picturesque diary of the 1958-59 year at Jenkinsville High School.

This year has held memories both happy and sad, memories of scholastic, athletic, and social activities of our 1958-59 school year. The future years will bring changes in our lives and in our school, but there will be this diary of classmates, teachers, and friends we knew, the activities in which we took part, and the memories that will never be forgotten.
