TO YOU

We, the class of '59 wish to express our appreciation to one who, through our high school years, has understood our problems, assisted us with patience of steel, listened to our complaints with an admirable smile, and enhanced our chance for success.

Her determined effort to satisfy and make us happy shall always be remembered as one of our most precious high school memories. We can't express in words our appreciation for her various contributions; but to show our love, honor, and respect for her, the seniors dedicate the '59 Cardinal to Mrs. Mary C. Eargle.
