We the Seniors of 1960 have reached the first milestone in our life. A milestone that cannot in any way be relived, therefore we have our CARDINAL to help us think back and to preserve these loyal and memorable days.

We will soon be taking our place along with other American youth, we will always strive to abide by the ideals and principles set before us by the most capable teachers of Jenkinsville High School, and to help us preserve peace and goodwill throughout the world.
