

## PRINCIPAL'S MESSAGE

### TO THE GRADUATES:

High school graduation is indeed a special time. It indicates that you have made the adjustment necessary to successfully complete this important phase in your lives. You are to be commended. The preparatory stages you have completed at MLHS will allow you to make cautious, sound and creative decisions with regards to your future.

The McCrorey-Liston School has presented you with an excellent foundation for life, through a well planned instructional program. As your principal, my goal has been to continually seek to upgrade educational programs and provide learning experiences equal to the best anywhere.

Fairfield County schools are in a positive transitional period. Our community has indicated, through passage of the 15 million dollar bond referendum, that it supports an all out effort to provide quality facilities. Dr. Buchanan, and his staff, with positive school board support, are tireless in their effort to develop sequential, effective, fundamentally sound, instructional curriculum clusters which will ultimately enrich the lives and life styles of our school district's graduates.

An American Bald Eagle is the symbol of our country and our school. It should be with pride and dignity that we labor under the watchful eye of this symbol . . . so proud, so strong and intelligent. We must soar as an eagle to the limitless heights of our potentials.

I appreciate the opportunity of working with you during the last few years. I hope that your experiences at MLHS have made you a better person by instilling in you proper manners, desirable behavior, a feeling of self-worth, respect for your fellow man and a hunger for self development and improvement which will never cease.

As you take this giant step forward into the world, best wishes for a successful tomorrow and may God bless you in whatever your endeavor.

Your Principal,

B. King, IV
