

# Mount Zion Institute

## Foreword

*Located in the historic town of old Winnsboro, overlooking the beautiful, rolling hills of Fairfield County, stands our Alma Mater. Directly descended from Mount Zion Academy, a school of higher education, founded in 1777, Mount Zion Institute preserves the spirit of cooperation and fellowship which it has fortunately inherited. Steeped in tradition and historic background, Mount Zion is a symbol of the better institutions of learning.*

*In this, our first issue of TUSITALA, may we help in some small way to continue the spirit of good will and fellowship that has for so long characterized our institution. To "The Spirit of Mount Zion," we owe our first annual. May this spirit live forever!*
