Class History

The class of '41! Seniors at last . . . at the end of our high school days. Four years gone . . . flown really . . . and now we sit in retrospect and call back those years. . . .

Freshmen . . . and we really were! . . . trying to act as if schedules, heavy books and long assignments were our daily dozen . . . so proud to be the first class in the new building . . . yet overawed, bewildered . . . the Latin Club . . . its "terrors" of initiation . . . our first lessons in sportsmanship . . . lustily singing "On the hills . . ."

"Sophistomores" . . . quite sure of ourselves these days . . . making the "rats" of Latin Club say "ma'am" and "sir" . . . going in for Athletics (with a capital A) . . . being "examples" all over the place to the incoming Freshmen . . . high and mighty . . . carrying high the torch.

Juniors . . . businesslike . . . money-making schemes to finance the Junior-Senior . . . proud of having so many members in the Beta Club . . . outstanding athletes . . . our stage debut in "Oh Susanne" . . . the climax: Junior-Senior . . . banquet and dance . . . best ever!

Seniors . . . dignified, ambitious, dreamy-eyed . . . An Annual . . . to further the "Spirit of Mount Zion" . . . work, fun, more work . . . stage struck again: "Girl-Shy" . . . time out for Beta Club Convention in Columbia . . . our *own* Junior-Senior . . . then the culmination of all our efforts . . . *Tusitala* . . . the record of our joys and tribulations . . . the emblem of our feeling toward Mount Zion. The spirit that has guided us for four years will surely lead us on.
