

DEDICATION

Because we are looking away from ourselves to the world outside, and because we are wishing for all men near and far, the great freedoms, we dedicate this, our annual for 1944, to Our Good Neighbors with the hope that this sincere gesture of ours may be as the light of a candle shining from a small space, which shall be passed on until this whole land of ours may be aflame with good-will for, and brotherly co-operation with, all of our neighbors in other lands.
