

FOREWORD

What is an annual? Just people—people who make it, people who are in it, people who look at it. We like to think of your looking through this edition of the TUSITALA and finding familiar sights that will bring back pleasant memories to you. All the homely things that we have taken for granted while at school have been recaptured for you. From these we can assort for ourselves the important and valuable—those we would like to keep. This will be a different book for each of you who can look behind the scenes and remember “the play where,” “the game when,” “the teacher who.” This is as it should be if this TUSITALA is to mean much to you.
