

# JUST A MOMENT.....

It is our desire to make this  
annual a memento of the  
happy days spent in the halls  
and on the campus of ole' M. Z. I.

We hope that in the future you  
will look through it and recall  
all the little things that made  
your high school days the happiest  
days of your life. Your memories  
of Mount Zion will be varied, but  
we know that the memory of the  
fun had while under "the rule  
of the paddle" will be a common  
one. Here's hoping we have  
succeeded in making this annual  
a book filled with pleasant  
memories for each of you.
