

TRACK

For the first time in many years Mt. Zion has a track team. Mr. Harrison organized the team through the physical education classes and held eliminations to see who would be on the track team. There was much individual practice.

The team attended a triangular meet with Dreher and B.C., and were third with seventeen points. They also attended a meet in Rock Hill with a final score of approximately fifty-two points.

In the State Track Meet, they placed first in the Javelin with Shelton Mincey participating. Arthur Martin also placed third. Arthur placed fourth in the mile, Larry Tolbert third in the 440, "Book" Johnson second in the 220 and fourth in the 100. They also placed fourth in the half-mile relay.

It is felt that the track team did a fine job for their first attempt. However, next year they are sure to do much better.
