Every year the Annual Staff has the happy task of recording pictorially a year at Mount Zion. First we pounded the streets of Winnsboro, searching for ads, then came the job of taking pictures, and finally, hardest of all, assembling all our materials and putting the finishing touches on the 1957 annual. We have laughed, despaired, and worked. But we hope as the years roll by, our beautiful blue annual will repay all the work we put into it.
