The 1959 TUSITALA staff has tried to bring Mount Zion students a new and different book. For the first time we have one page of color. We chose a new theme also, one that would illustrate the close relationship between our school and community.

During the past school year, we have had many pictures taken, processed, and counted. We have compiled much copy and rushed to meet deadlines. We have planned, checked, and altered numerous details.

Our money making projects have included selling ads, operating the canteen at basketball games, selling year-book subscriptions, and sponsoring a beauty contest.

Now our labor is over and we, the annual staff, present to you for your enjoyment the 1959 TUSITALA.
