EMILY OBEAR F. T. A. CLUB

The purpose of the F. T. A. Club is to lead high school students to choose teaching as a career.

The requirements are character, scholarship, and interest in the field of teaching.

The projects of the club this year were to gain information concerning teaching, to observe high ethical standards, to supply substitutes for teachers, to present programs of a high order in chapel, and to recognize talent among the other students at Mt. Zion.

During American Education week we presented a program over the public address system and honored the high school teachers by presenting each with a shiny red apple. The green leaf attached carried the following thought:

An apple for the teacher
On "Appreciation Day"
