The Junior Library Club has had a successful year. It is composed of students from the eighth, ninth, and tenth grades. Three joint meetings were held with the Senior Library Club during which time there was a guest speaker on the program. We sent delegates to Winthrop to the State Convention in February.

We observed National Library Week April the third through the ninth. Mrs. T. K. McDonald, who had just returned from the White House Youth Conference in Washington, gave an interesting talk in Assembly during National Library Week.

Susie Lyles was elected reporter at the spring district meeting in York.
