

On May 4, the Seniors of '76 set out on the "Yellow Hound" to visit Washington, D.C. and Virginia Beach. Henry and Jane Dixon chaperoned the spirited Seniors on their adventurous journey. After the first few minutes the Seniors and the chaperones knew that they were in for the times of their lives. During that "too short" week, they became closer than ever before and found a love for each other. Although tired, the Seniors were both sorry to leave and glad to get back to the 'Boro.
