

# Booster Club

The purpose of the Richard Winn Booster Club is to promote, sponsor, and supervise the entire athletic program of the school. The club has had numerous money-raising projects such as turkey shoots and raffles. It has also sold barbeque hash and has helped to sponsor the Back-to-School Supper, the Athletic Banquet, the Parent-Student Basketball Game, and the concessions at the basketball games. The Booster Club was responsible for developing and sodding the new athletic field. In addition, it has bought new varsity and JV cheerleader outfits, put a fence around the kindergarten, placed gravel on the school parking lot, acquired outfits for the football team, put up a backstop for baseball and girls' softball, and is in the process of purchasing bleachers and lights for the athletic field.
