

Richard Winn opened the 1978-79 year with a new headmaster, Mr. F. Carroll Taylor. A native of Bennettsville and a graduate of Erskine College, Mr. Taylor was the founding headmaster of Coastal Academy in Myrtle Beach where he served for eight years.

Since his arrival, positive strides have been made in the development of our school. He has succeeded in enhancing the appearance of the buildings and grounds and in expanding the curriculum. Also under his direction and influence, the general morale of the Richard Winn family has improved.
