

# Student Council

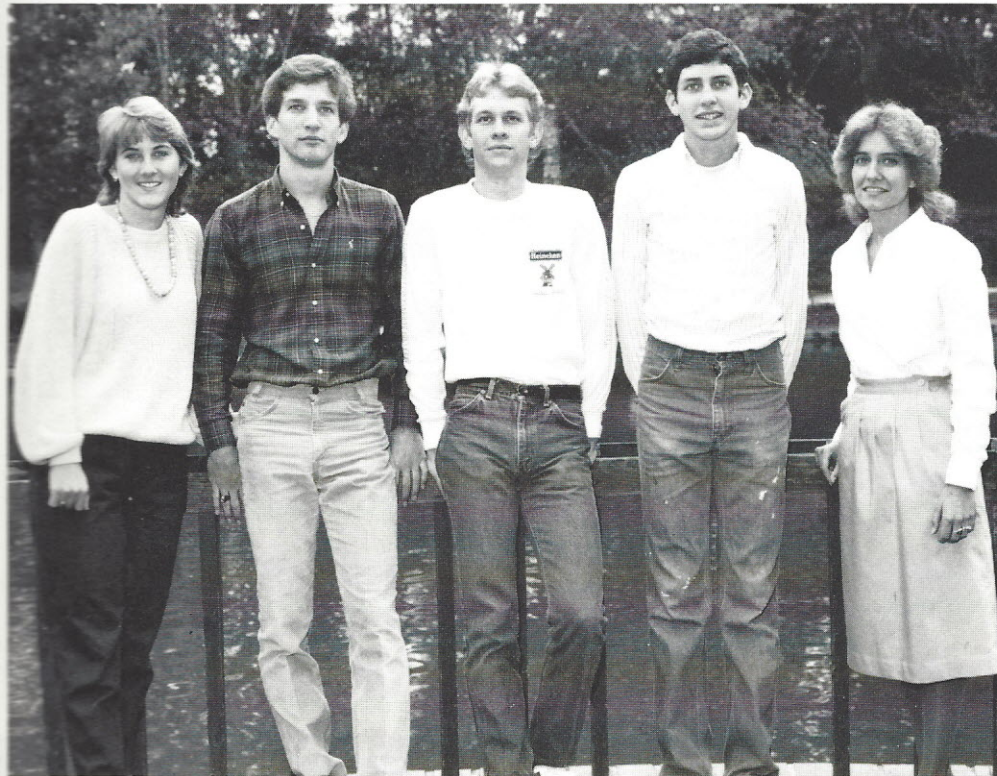

The Student Council of Richard Winn is made up of representatives from each homeroom in grades eight through twelve. The officers are chosen from the student body. All members of the council must maintain an overall C average to qualify for membership.

This year's council has been innovative in that it sponsored a straw poll to determine students' presidential choice before the national election. In addition, the council planned and organized Richard Winn's first Expo to showcase talents of students in academics. Prizes were awarded in science, math, creative writing, and social studies.

Mrs. Nancy Owen is the sponsor for this active group.
