

Freshman Carla Lewis Elected Council Sec.

Freshman Carla Lewis was elected secretary of the Student Assembly for the 1986-87 school year. This petite young lady was undaunted by the odds of running for this office against two upperclassmen. She tackled the campaign with spunk and determination and strong support from her own class. She worked hard to convince fellow students of her qualifications and interest in improving Richard Winn by using positive campaign posters and a sincere speech to the student body.

It took a run-off to put Carla over the top; but after being named secretary, this freshman undertook her job with maturity and style.
