

Juniors Profit with Games

In the fall, the class participated in Family Day at Drawdy Park. They provided a football toss in which prizes were awarded to the lucky winners. Later that day a dart throw was added to the fun. Between customers the Juniors tried to show their expertise in throwing the football. This game was a big hit, and the Juniors made a nice

profit on this project.

At homecoming the Juniors were again busy. They sponsored the traditional dance after the football game. Seniors Todd Childers and Scott Peak helped out by providing the sound system and acting as DJ's.

During the winter months the class continued to add money to

the treasury with several other projects. A candy-filled pumpkin at Halloween and a box of candy at Valentine were raffled as well as a stereo at Christmas.

All of these projects helped make "The Time of Our Life" a reality at the Prom where *Formula 7* entertained.
