

“Wait don’t close this book; you’re not finished yet”. Without the help of the following businesses, this yearbook would not have been possible. The Aerie costs thousands of dollars to produce each year. If these establishments had not bought ads, this yearbook could have cost up to \$50. However, due to their aid, the Aerie only costs \$18.

The yearbook staff expresses their appreciation to all of the businesses who advertised and made this book possible. We hope you will, in turn, support them.
