Seniors "R" Unique

Although the Senior class has gained and lost people over the years, they still have a large class. Twenty of them are involved in either football, cheerleading, basketball, or spring sports, but those who aren't, are always cheering the others on. Over a third of the class is in Beta Club and many of them are active in school, church, and community organizations. During times of need, the Senior class has bonded together to support each other and the school. These are the reasons why we think Seniors at Richard Winn Academy are unique.
