

Juniors Transformed

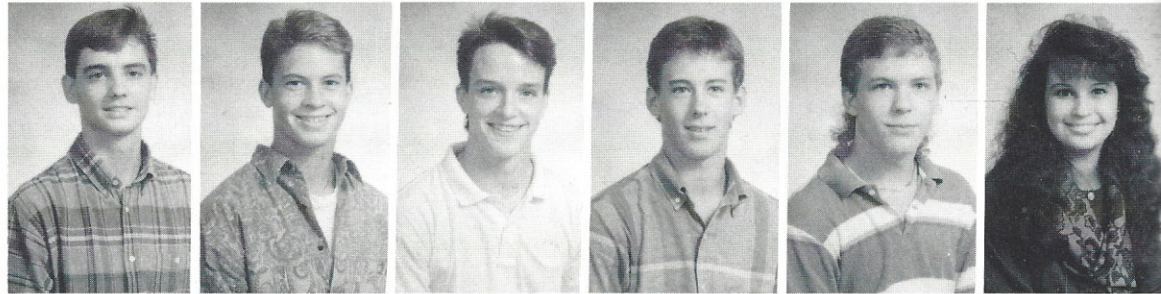

The Junior class this year transformed into mighty sales people. We sold everything from Country Bunnies to grapefruits. All to raise money for the prom. 1990 school year started off with a bang. At Christmas we sold Poinsettes that helped us greatly in our fund raising . Fund-raising was the name of the game.

We were proud to have two new additions to our group. Chris Childers and Julie Evans. At Easter, we sold Easter baskets. That brought us up to the prom; Deco-

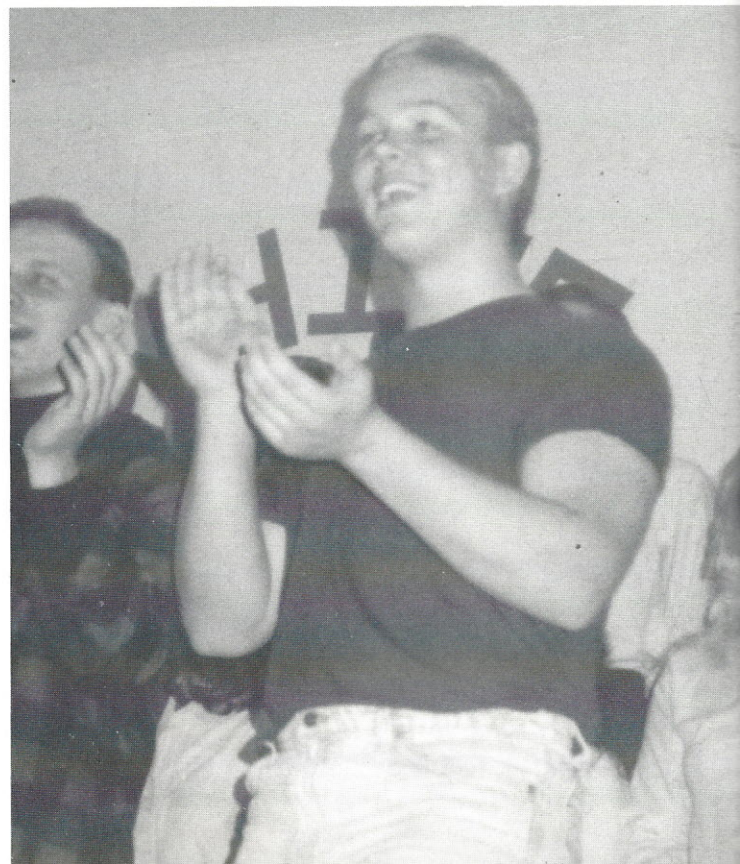

rating was underway. For one week, day and night, we decorated for what we think was the best prom ever, "Here and Now" was a success. When tragedy struck: our class pulled together. The Junior class has strived to be the best it could be. Without the help of parents and our sponsor Mrs. Renee' Allen. Truly without Mrs. Allen, our class could not have become the class we are now.

Cal Caldwell and his date dance the night away at his Junior Prom.

Jef Raley obviously enjoys chorus programs.
