

Never A Dull Moment

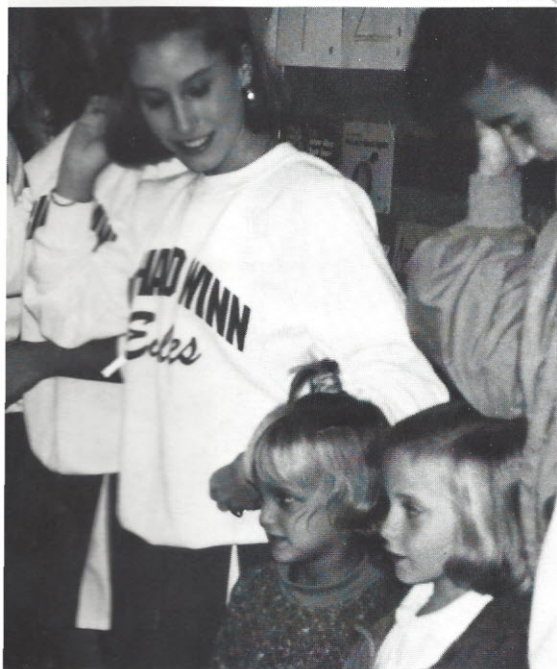

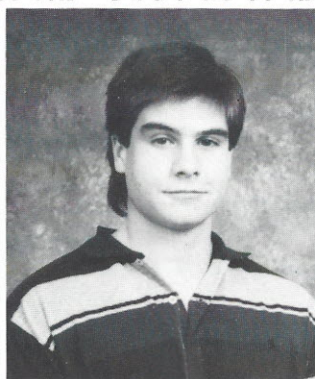

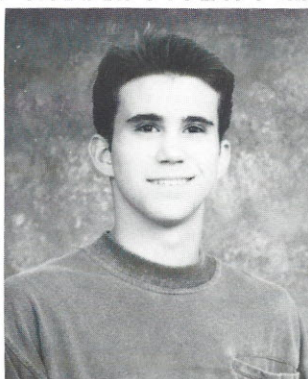

JUNIORS STAY BUSY RAISING FUNDS

Because the Class of '93 is so small, they really had to pull together to make their junior year a success. In preparation for the prom, they began fund raisers such as bake sales, and the sale of hams, turkeys, poinsettias, and Christmas trees. Their sponsor, Mrs. Cathy Spires, was a great help throughout the year. But in the midst of all their hard work, they had time to have fun. Over half the class was involved in football or cheerleading. Other class members played

tennis, basketball, softball, and baseball. In November most of the class traveled to Atlanta to see The Phantom of the Opera. Smaller groups went to see South Pacific and a Van Gogh Production. In

April the group went to Greenville to visit the Bob Jones University Art Gallery. In all, it turned out to be a hectic but fun year.
