

Sophomore Palmer Nicholson squares up and follows through on his forehand stroke.

Chris Spires, a sixth grader, saw lots of action even though this was his first year competing on the tennis team.

Tennis Team Experiences Rebuilding Year

Tennis was definitely a rebuilding year with all nine members of the team being underclassmen. The number one player, Logan Doty, was a 7th grader. Jason Robinson, a 9th grader, played the number two position. Palmer Nicholson, grade 10, and Charlie Hodges, grade 8, alternated at the number three spot. Jason Reynolds, Luke Godwin, David Young, Chris Spires, and Robert Doty rounded out the team.

With Mr. Carroll Taylor to guide them as coach, these young men worked very hard to improve their tennis skills throughout the season. The team won the conference by default but ended the season with a loss to Avalon in the play-offs.
