

With all of the clubs and organizations here at our school, it's pretty difficult not to be involved in something. Because of our school's small size, more people participate in a variety of ways. By involving everyone, the clubs and organizations also help to keep the spirit alive at Richard Winn. Most importantly though, are the opportunities that they provide for the

our students. The SLO and the Senior Beta Club, for instance, give students the chance to hold state offices. The SCISA Literary Meet as well as Math and Academic Teams allow students to represent RWA and compete with other schools in our state. Clearly, our clubs and organizations provide our students with "GOLDEN OPPORTUNITIES."
