

Even though the Richard Winn school year did not officially begin until the end of August, many events and activities took place throughout the month. August 1st marked the beginning of the practice season for the Varsity Football and Varsity Girls' Tennis teams. The cheerleaders worked diligently the entire summer for the 1994-95 football and basketball seasons.

Furthermore, the teachers were treated to a luncheon sponsored by the P.T.O. during their in-service days. Also, teachers, parents, and stu-

dents banded together in order to improve our facilities for the new year. Everyone worked extra hard to make R.W.A spic and span for the opening day of school.

The Booster Club sponsored its annual hamburger cookout which marked the kick-off of its membership drive and allowed everyone to meet the football players and cheerleaders for the 94-95 season. Also, the Richard Winn sign was moved to its new location in front of the recently paved parking lot. August was filled with

much preparation for the new year which began on August 29, 1994.
