

May was the last month of school, but also the most involved. The softball and golf teams finished their seasons on May 4. The RWA chorus had a good time on their trip to Charleston. Back at school everyone else enjoyed Field Day and getting out at noon. The 5th graders proudly graduated from D.A.R.E. on May 9. The following week, RWA's baseball team made a strong run to the State Championship Game, losing to Country Day 5-4. RWA athletes were recognized at the

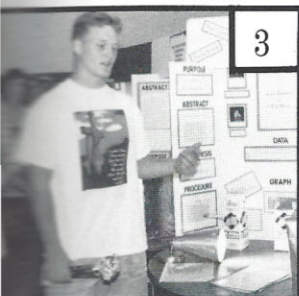

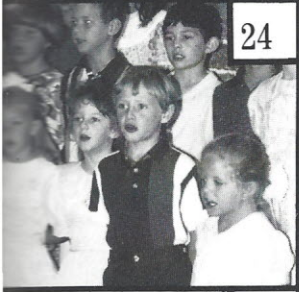

Athletic Banquet on May 16. The seniors prepared for their last moments at RWA. Graduation brought smiles and tears to all the graduates and their parents. All that was left for students was final exams, no easy task by any means. Finally, some weary but excited students picked up their report cards on May 26. The students were through, but the end of May found teachers still working hard to finish up the exceptional 1994-1995 school year.
