

# EXITING AN EXCEPTIONAL YEAR

Exceptional has many different meanings. Webster's defines exceptional as "being better than average; superior." However, it also mentions that the word exceptional can mean "deviating from the norm." This describes our 1994-95 school year at RWA in a nutshell. Not only did we experience some exciting moments and highlights, but we also faced adversity. We, the RWA family, recovered from the tragedy and have continued to grow stronger. Having seen many changes in our facilities as well as growth in enrollment, we are evermore striving to be superior in both academics and athletics. **WE ARE EXCEPTIONAL!**
