

TIME WILL TELL

FACULTY ... STAFF ... FACULTY ... STAFF ...

TIME AND TIME AGAIN. Their day continues long after the students leave, after the many athletic practices. For 30 years, the faculty and staff at RWA have kept things running smoothly. This year was no exception. Whether they were trying to conduct lab in chemistry or explaining that two plus two equals four for the umpteenth time or just clowning around, the faculty and staff at RWA make every year something special.
