

ON YOUR OWN TIME

... STUDENT LIFE ... STUDENT LIFE ...

SPARE TIME.

Students at RWA enjoyed a relaxing, fun-filled school year. Even ordinary days turned a little insane whenever a group of friends got together. From Spirit Week to Christmas clowning to springtime music, students always managed to have a little fun. Of course, it wasn't all play and no work. From little things like helping fifth graders with chemistry to major projects such as decorating for the prom, students maintained a hard-working attitude. Whether they were hard-at-work or goofing off, students at RWA knew how to live it up!
