

THIRD GRADE

LEADER OF THE PACK. Megan O'Donnell does her part in narrating the third grade program. This year's classes presented their program as South Carolina's first singing travel agency. At the conclusion of the program, House Member Tim Wilkes presented the school with an American flag.

SING OF SOUTH CAROLINA. Not only do the third graders study the history of our lovely Palmetto state, but they also are required to make a scrapbook and present a musical program that features songs about SC. This group concluded their study of SC by taking a day long field trip to historic Charleston.

NOTES TO REMEMBER. This small group of singers do a beautiful job of singing about our state bird, the Carolina Wren. Many of the songs performed were composed by Ms. Livings' sister, Nelle McMaster Sprott.
