

TOUCHING IS ALLOWED! While on a field trip to The Discovery Place in Charlotte, second graders Ronnie Wylie, Lea Allen, and Warren Varnadore, along with their classmates, actually are encouraged to touch the underwater sea creatures living in this special salt water environment. The students, as well as their parent chaperones, enjoyed the hands-on experiences.

FATHER, WE THANK THEE. Both second grade classes participate in the traditional Thanksgiving Program by dressing up as Pilgrims and Indians. The students danced to music and sang songs that tell the story of that First Thanksgiving long ago.
