

If only you could know
all the happiness you've brought,
all the memories you're a part of,
all the dreams you've made come true--

If only you could know
how very much you've always meant,
you'd know just how much love
is in this special wish for you.

*"Follow your own star,
for you are unique,
and more wondrous
than anyone
could know."*

Love,
Dad, Mom, and Brent
