

As a King Academy player
 one down the third base line,
 B.J. Mattox and the umpire
 to see if it will be fair or foul.
 did an excellent job controlling
 the game from behind the plate as
 the other.

WATCHING AND WAITING ...
 The JV Baseball team watches pa-
 tiently and attentively as one of their
 teammates steps up to bat. At times
 you could even hear them yell their
 well-known R-I-P cheer from the
 bench.

Baseball

CONCENTRATION. Gill Harkins, freshman, is the picture of concentration as he waits for the pitch he can send over the fence or even down the line for a single. Gil held the second base position on defense.

GAINING AN EDGE. Freshman Bob Hamilton inches out to get his lead that could make the difference between an out and a stolen base. Bob also performed well for the team from the pitcher's mound when needed.
