

# EXPLORING THE ARTS!

**SAY CHEESE!** The Fine Arts class and chaperones smile for the picture as they stand in front of the Washington Monument. This was just one of the many stops on their tour of the city.

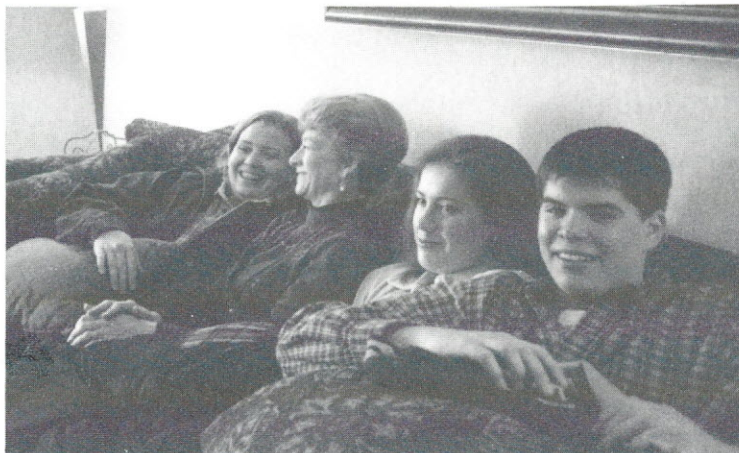

**TAKIN' IT EASY!** Ben and Sa Hinnant take time to rest in Gra Central Station before loading on train to return home. This trip was a great success and proved to be memorable for everyone!

**WE MADE IT.** After climbing all the steps to the Jefferson Memorial, a small group poses in front of his statue. This particular memorial left an impression on everyone due to its meaningful quotes etched in the walls.

**THE USUAL SUSPECTS.** Mil Schaeffer and Lindsey Bonds get in line as they hope to "blend" in with the crowd. These two were always the culprits when some unique was found to get a laugh from everyone on the trip!

**NOT AGAIN!** Mrs. Lillian Bond and Susan Martin take time to smile for yet another picture as Lindsey Bonds watches and laughs. The group was taking a break for lunch before they began visiting the famous sites.

**RELAXING AT LAST.** Leah Brnham, Vicki Robinson, Susan Martin and Chris Spires relax in the lobby of the hotel before walking to Gra Central. The group definitely got a workout by walking the streets every day!
