TARGETING GOALS. During the teacher in-service days, Ms. Reid and Mr. Fowble spend time with the teachers going over rules, policies, and changes. These meetings were especially important for the new teachers on staff.

NOW HEAR THIS! Addressing the parent body, Mr. Fowble talks about changes and goals for the new school year during the annual corporation meeting. It was also a good time for parents to meet the teachers and staff.

BUSY WORK! Mrs. Young gets an early start in the office organizing and trying to keep things running smoothly while Cleve Langdale and Brooks Quinn wait for the bell to read the devotional and morning announcements.
