

# LIFT YOUR VOICES

**STAND TALL FOR SC.** The third graders proudly wave the state flag during their annual spring program. Each year the third grade classes put on a program showing what they've learned about our state.

**QUACK, QUACK** ... Brock Sherrod is just one of several first graders dressed appropriately as they sing about an animal farm. They all had a ball making animal sounds and singing about different animals.

**SPANNING THE GLOBE.** During the program, Blythe Douglas points out interesting sites on the globe. The fourth graders enjoyed learning about the different countries in preparing for this program.

**AROUND THE WORLD.** Fourth graders Rachel Stuck, Samm Collins, Lea Allen, Frances Rutland, and Amber Nichols tell about various countries. This was a neat and fun way for the kids to learn.

**HAVE YOU EVER SEEN SUCH A SIGHT IN YOUR LIFE?** Three Blind Mice, alias Kelly Cooper, Edie McDonald, and Caroline Bryson, take part in the first grade program. Fun animal songs were sung by the first grade students.

**TRAVELING BACK IN TIME.** Dressed in costume, Amanda Ferguson shows off her lovely voice in the fifth grade music program. For the students, the best part of the program was getting into character.
