

THREE'S COMPANY. Brenson Turner, Alex Douglas, and Kyle Black enjoy showing off their new Buzz Light Year figurines that were packed in their Happy Meals. Stopping at McDonalds for a snack and playground time always provided excitement after school field trips.

EAGER TO LEARN. Mrs. Rambo's five year olds are eager listeners and learners. Although the picture was taken during Spirit Week when there were many outside distractions, Mrs. Rambo's group stayed focused and on task while also having fun.

WHAT'S UP, DOC? Both five year kindergarten classes relax on the steps outside Fairfield Memorial Hospital for a group picture. Everyone enjoyed seeing and learning many interesting things while on the hospital tour field trip.

FUTURE FARMERS OF AMERICA. Mrs. Ray and her group of "farmers" show their school spirit on Farmer Day during Spirit Week. Who knows, maybe some of them will actually grow up to be real farmers one day.
