

**COTTON PICKIN' GOOD TIME!** The fifth graders enjoy their educational field trip to historic Brattonsville, S.C. All of the students observed how cotton was grown and picked long ago.

**HUNTING FOR KNOWLEDGE.** Josh Bass and Lea Allen study hard to keep up their good grades. Spirit week was filled with many exciting days, like Camouflage Day, but despite all the fun of the week these students kept their heads in the books.

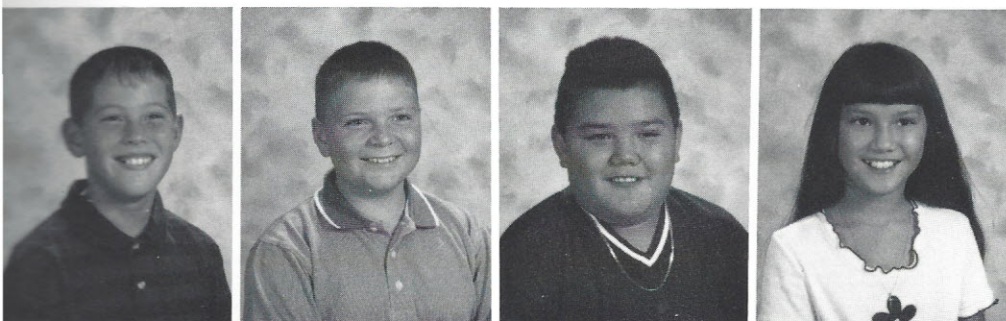

**PEARLY WHITES!** Trevor Caughman and Mikey Bunting display their scary faces for the camera. Halloween for the fifth graders was a wonderful day, as they all had high hopes of receiving lots of candy.

**MMMM GOOD ...** Michael Robinson enjoys celebrating a classmate's birthday party put on by the Senior Beta Club. For the second year, the Beta Club helped elementary students celebrate their birthdays by providing cupcakes and candy for the students.

**ATTENTION, SALUTE, PLEDGE.** The fifth grade students gather on the Court House steps to sing during the Veteran's Day program. The students joined many in honoring local war veterans.
