

TWO BRITTANY'S AND AN AMANDA. Amanda Ferguson, Brittany Tanner, and Brittany Wilkes are taken by surprise when a camera flash interrupts their studies. These sixth graders used their time in between classes to study.

YOU SNOOZE YOU LOSE! Sallie Watford and Kala Thompson catch a few zzz's in between classes. Sixth graders got creative this year in making up for lost sleep on the weekdays after studying hard the night before.

NO, I KNOW THE ANSWER! Casey Smith, Janelle Burr, Trey Coleman, and Shane Hacker are involved in extensive mathematical commentary in Mrs. Ladd's classroom. Sixth graders learned a variety of interesting math lessons throughout the year.

PUT YOUR HANDS UP! Sixth Graders stand proud reciting the membership oath as they are inducted to the Jr. Beta Club. These inductees were chosen because of their dedication to studying hard and striving for academic excellence.
