

A SOLEMN MOMENT. Ryan Foster and Jai Swearingen assist in the wreath lying ceremony at the Tomb of the Unknown Soldier. Each year four RWA students are chosen to participate in this memorable event as the rest of their classmates and chaperones observe.

HERE IT IS ... Ryan scans over the many names on the Vietnam Memorial until he finds the one he is looking for. After visiting this sacred memorial, students had a more realistic idea of how many people sacrificed their lives for our country during this war.

OUTDOOR OVEN? A lady portraying a typical colonial woman tells some of the history about colonial life at Mount Vernon. The students and chaperones alike found her talk very interesting and educational, and it made them all appreciative of modern conveniences.

I AM THE MAN. Wade Coleman feels important as he is lucky to have his picture taken with Representative John Spratt. Spratt made a special point to meet the students from S.C. and have a group picture made with them.
